RESPONSE TO NOTICE OF DRAWING INCONSISTENCY WITH SPECIFICATION

Dear Sir:

In response to the Notice of Drawing Inconsistency with Specification of August 3, 2004, applicants enclose herewith a copy of the Preliminary Amendment filed on January 5, 2004 showing that the applicants amended the specification to delete Figures 5-12 *and* the corresponding text descriptions of Figures 5-12. A substitute specification and a line-in line-out specification were submitted with the preliminary amendment on January 5, 2004. In particular, please see page 12 of the substitute specification, and pages 24-25 of the line-in line-out specification for changes made to the section of "Brief Description of Drawings". It should be noted that Figures 5-12 should no longer contained in the drawings; only Figures 1-4 remain in the application. Applicants believe that the drawings are consistent with the specification.

Applicants believe that this application is now considered to be in condition for issuance and such action is earnestly solicited.

However, should there remain unresolved issues that require adverse action, it is respectfully requested that the Examiner telephone Frederick C. Williams, Applicants' Attorney at (202) 842 - 0445 so that such issues may be resolved as expeditiously as possible.

Respectfully Submitted,
